Notice of Lodging of Proposed Order To Amend the Consent Decree Under the Clean Air Act  
Notice is hereby given that on July 10, 2008, a proposed Order to amend the Consent Decree in United States v. Premier Industries, Inc., Civil Action No. ED CV 07-01092 (SGL) (OPx), was lodged with the United States District Court for the Central District of California. The proposed Order modifies the Consent Decree entered by the Court in this matter in January 2008. The Consent Decree resolved the United States' claims against Premier under Section 113(b) of the Clean Air Act ("CAA"), 42 U.S.C. 7413(b), for alleged violations of the CAA and the federally approved California State Implementation Plan, including South Coast Air Quality Management District Rule 1175, at an expandable polystyrene foam block manufacturing facility it owned in Chino, CA ("Facility"). The proposed Order allows the Defendant to utilize, under prescribed operating parameters, two Newly-Identified EPS Beads ("NIEPS Bead") which EPA has approved for use at the Facility. The proposed Order also establishes a process whereby Defendant can request approval, from EPA and without further action by the Court, to use additional NIEPS Bead. The Department of Justice will receive for a period of thirty (30) days from the date of this publication, comments relating to the proposed Order. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either e- mailed to
